7. Page 65 & 66: Updated wording regarding arrival and final reports submission method
Part 1: General Information

Introduction to the B.C. Provincial Nominee Program

The British Columbia Provincial Nominee Program (BC PNP) is administered in partnership with the federal government in accordance with the 2015 Canada-British Columbia Immigration Agreement (CBCIA). The Government of Canada allocates a limited number of Nominations each year to British Columbia.

The Provincial Immigration Programs Act (Act) and the Provincial Immigration Programs Regulation (Regulation) governs provincial administration of the BC PNP.

The BC PNP Entrepreneur Immigration stream is for experienced entrepreneurs who are ready to invest in and actively manage a business in B.C.

To understand the program requirements and determine your eligibility, you must review this program guide before you register and/or apply online. If approved as a provincial nominee, you and your dependent family members can apply to Immigration, Refugees and Citizenship Canada (IRCC) to become a permanent resident of Canada in the Provincial Nominee class. The graphic below provides an overview of the stages of an Entrepreneur Immigration Stream application.

About the Entrepreneur Immigration Program Guide

The BC PNP Entrepreneur Immigration Program Guide provides complete and comprehensive information about program eligibility requirements. This guide also provides details on how to register with the BCPNP Online system and explains what information you will need to provide. For more information on required documents for an application, please refer to part 5.

Please check our website regularly to ensure you are using the most up-to-date version of the Entrepreneur Immigration Program Guide.

Please carefully review the information in this guide before you register and/or apply.

All dollar figures in this guide are expressed in Canadian dollars.
Definitions

“Act” means the *Provincial Immigration Programs Act*.

“certified court interpreter” means:
   a. A certified court interpreter who holds a current and valid membership to the *Society of Translators and Interpreters of BC* (STIBC);
   b. A certified court interpreter who holds a current and valid membership to a society belonging to the *Canadian Translators, Terminologists and Interpreters Council* (CTTIC); or,
   c. A graduate from the Court Interpreting Certificate Program from Vancouver Community College (VCC).

“Director” means the Director of Provincial Immigration Programs, or persons acting for the Director.

“paid representative” means:
   a. A lawyer who is a member in good standing of the Law Society of BC or any other Canadian Law Society, the Nova Scotia Barristers’ Society, or the *Chambre des notaires du Quebec*; or,
   b. An immigration consultant who is a full member in good standing of the Immigration Consultants of Canada Regulatory Council.

“Regulation” means the *Provincial Immigration Programs Regulation*. 
Using a Representative

You are not required to use a paid or unpaid representative – such as an immigration consultant or lawyer – to register and/or apply to the BC PNP. The program is designed for you to be able to complete the process on your own.

The BC PNP scores all registrations under the same criteria, and, if invited to apply, the BC PNP assesses all applications equally, regardless of whether they were prepared with the assistance of a representative. Your registration or application will not receive special attention, faster processing, or a more favourable outcome if it is submitted using the services of a representative.

Some people choose to use a representative to provide immigration advice or to assist with the process. You must disclose if you have received assistance in preparing your application from a person who is compensated or receives a benefit as a result of such assistance. Failure to declare such assistance may result in the refusal of the application or disqualification of the registration. If you pay someone to act as your representative, they must meet the requirements for authorized representatives stated below. A representative is authorized to act on your behalf with the BC PNP.

Paid Representatives

The Act and Regulation restricts payment for representation to groups defined by section 91(2) of the Immigration and Refugee Protection Act:

- immigration consultants who are full members in good standing of the Immigration Consultants of Canada Regulatory Council
- lawyers who are members in good standing of the Law Society of BC or another Canadian Law Society, the Nova Scotia Barristers’ Society, or the Chambre des notaires du Quebec.

In selecting a paid representative, it is highly recommended applicants confirm with their potential representative that they are members in good standing with their professional organization.

Unpaid Representatives

You may use the services of an unpaid representative to act on your behalf. Unpaid representatives may include persons authorized under the act and regulation (see above), family members, friends, and members of a non-governmental or religious organization.

The BC PNP only considers third-party representatives as unpaid if they do not charge fees or receive any other compensation or benefit for providing immigration advice or related services. If your unpaid representative is found by the Province to have charged fees for, or otherwise benefited from, acting as your Representative, the Province will revoke such person's eligibility to serve as your Representative and may decline/cancel your application/approval to the BC PNP.

In selecting an unpaid representative, it is highly recommended applicants confirm with their potential representative that they are members in good standing and have not been found to have made a misrepresentation by the BC PNP within the last two years.
Changing Representatives

If you change representatives or decide to no longer be represented, you must provide notification to the BC PNP. Failure to declare a change in representative may result in the refusal of your application.

The BC PNP will communicate with the representative indicated in your profile. If you decide to change or remove your authorized representative, you must update this information in the My Representative tab in BCPNP Online. You are responsible for ensuring your profile is updated to reflect changes in representatives.

You may only have one representative at any given time. If you wish to change your representative during the BC PNP registration and/or application process, you must update the information in the My Representative tab in BCPNP Online and submit another use of a representative form allowing your new representative to represent you and allow the BC PNP to disclose information to them.

Filing a new use of a representative form will automatically cancel any previously appointed representative.

You may remove your representative, without replacement, by contacting the BC PNP in writing and requesting the removal of that representative.

Use of a Representative Form

If you are using any representative or if you change your representative, you must submit the following disclosure consent form:

- Use of a representative form – applicant

Declaration and Consent

By completing the BC PNP’s use of a representative form, you have authorized the individual named on the form to represent you and act on your behalf with the BC PNP. This may include representation throughout the registration, application and assessment processes, and communication with program staff as required, including disclosure of personal or confidential information to your representative.

The legal declaration in the online registration or application is your legal signature. If your representative enters the registration or application on your behalf, you should review the information provided as you will be legally responsible for the accuracy of the form contents.

BCPNP Online uses your personal email as the unique personal identifier for your profile. The email and contact information provided in your profile will be associated with the application in the system and will be used by BC PNP staff for communication of final decisions.

At its discretion, the BC PNP may contact you directly to request additional evidence or information to verify information in your registration and/or application, and to determine if you meet or continue to meet all program requirements.
Use of Interpreter Form

If you have obtained the services of an interpreter for the purposes of a BC PNP interview, you must submit a use of interpreter form. This form can be found on the BC PNP website.

Misrepresentation

Your application may be refused if you are found to have misrepresented or withheld information relevant to the decision.

Misrepresentation can include any of the following:

- submitting false or misleading information in an application or registration;
- failing to disclose information relevant to an application or registration;
- communicating directly or indirectly, by any means, false or misleading information, or concealing relevant information, in any communication with the BC PNP or otherwise during the application and evaluation process

If you have been found to have misrepresented information in your application, the BC PNP may refuse to accept a future application from you for up to two years.

Refusal to Accept an Application

The BC PNP may refuse to accept an application if:

- an invitation for an application does not apply to that person
- the person has retained a representative who does not meet the prescribed requirements, as described in section 4 of the Provincial Immigration Programs Regulation
- the applicant has had a previous approval cancelled by the BC PNP
- the applicant has, in the two years immediately before the date of the application, been found by the BC PNP to have made a misrepresentation in a previous application
- the applicant has another active application

Withdrawing your Registration

You may withdraw your registration through your BCPNP Online dashboard. Registration fees are non-refundable.

Beware of Immigration Fraud

We encourage you to protect yourself from immigration fraud. Learn more about protecting yourself from fraud.
Part 2: Entrepreneur Immigration Requirements

You must meet all of the Entrepreneur Immigration requirements to be nominated by the BC PNP. Please note that there are program requirements for each stage of the process including the registration, application and nomination stages.

Please carefully review the requirements in the sections below for complete details.

**It is your responsibility to demonstrate that you meet the program requirements.**

A registration in the Entrepreneur Immigration registration system does not guarantee that you will be invited to apply.

Meeting the minimum eligibility requirements does not guarantee that you will be invited to apply.

For more information on how registrants will be invited to apply, please refer to the process section of this Guide.

**General Nomination Requirements**

1) **Active management**

You must demonstrate that you are actively managing the business in B.C.

Active management means you are accountable for the day-to-day operations of the business. Active management must occur at the place of business in B.C.

This is a mandatory requirement of the BC PNP as set out in the *Immigration and Refugee Protection Regulations* section 87(6)(c) and under section 6(g) of the *Provincial Immigration Programs Regulation*.

In order to be nominated, you must demonstrate that you have met this requirement in your final report to the BC PNP.

2) **Residency**

You must demonstrate that you reside within 100 kilometres of the business you operate in B.C.

You must also demonstrate that you have been a resident in B.C. for at least 75 per cent of the time while on a work permit. For example, if you submit your final report 610 days (approximately 20 months) after arriving in B.C. with your valid work permit, you must demonstrate that you have been physically present in B.C. for at least 457 days (approximately 15 months) while operating your business.

In order to be nominated, you must demonstrate that you have met this requirement in your final report to the BC PNP.
Personal Requirements

1) Eligibility

In order to be eligible under the Entrepreneur Immigration stream, you must have been lawfully admitted in the country where you currently reside.

The BC PNP will not nominate someone who:

- is prohibited from entering Canada
- has not been lawfully admitted in the country of current residence
- is in Canada and is out of status
  - an individual whose status has expired, and who has not applied for restoration of status within the 90-day eligibility period, will be considered out of status
- is working in Canada without authorization
- has an unresolved refugee claim in Canada
- is under a removal order in or outside of Canada

Please note that your application will not be approved if you are in Canada and do not have valid immigration status, or if you are working without authorization.

2) Personal net worth

In order to register, you must have at least a minimum of $600,000 in personal net worth. Your personal net worth must be legally obtained and verifiable.

You must disclose all of your personal net worth, including all your assets and those of your spouse or common-law partner, less any liabilities including mortgages and personal debts:

- cash
- assets in bank accounts
- fixed (term) deposits
- real property
- investments in bonds, stocks and mutual funds
- investments in one or more businesses
- pensions and other assets

The IRCC form Schedule 4A – Personal Net Worth includes details about how to calculate personal net worth.

Declared net worth must be in your name and/or your spouse’s name.

You must have title to any real estate holdings and business ownership.

If you are invited to apply, you will be asked to provide supporting documentation to substantiate ownership, or percentage ownership, positions in any business, as well as equity amounts based on current market values less outstanding mortgages or other encumbrances for you and your spouse.
Future inheritances cannot be included in your personal net worth. The share of business or property ownership must be supported by legal documents, such as deeds, shareholder agreements, etc.

Under the Entrepreneur Immigration Registration, points will be awarded for personal net worth. For detailed information on how points are calculated, please refer to the scoring section of this Guide.

If you receive an invitation to apply:

- You must obtain a verification report from a BC PNP-qualified supplier. For more information, please refer to net worth review section of this Guide.

- The verification report will be used as part of the BC PNP application assessment process. Notwithstanding the conclusions of the net worth verification report, the BC PNP has sole discretion and responsibility to assess your BC PNP application and may request additional information, supporting documentation or clarification.

- Failure to provide satisfactory evidence to verify your personal net worth and source of funds may result in the refusal of your application.

For information on what documents you must provide for a Net Worth Review, please refer to part 5.

3) Business and/or work experience

In order to be eligible under the Entrepreneur Immigration stream, you must have a minimum of:

- more than three years of experience as an active business owner-manager

  OR

- more than four years of experience as a senior manager

  OR

- a combination of at least one year of experience as an active business owner-manager and at least two years of experience as a senior manager

Business experience as an active owner-manager (business ownership of 10 per cent or more): If you have performed an active role in the management and operations of a company for which you have held 10 per cent or more ownership during the past 10 years.

Work experience as a senior manager (no business ownership, or business ownership of less than 10 per cent): If you have worked during the past 10 years for a company/organization as an active senior manager supervising at least three full-time employees and your National Occupation Classification (NOC) is Skill Type 0 or Skill Level A.
In general, senior management means that you primarily:

- manage the organization, a department, subdivision, or component of the organization; or an essential function within the organization
- supervise and control the work of:
  - other managers or supervisors
  - professional employees
- have the authority to hire and fire, or recommend these and other personnel actions, such as promotion and leave authorization
- exercise discretion over the day-to-day operations of the activity or function for which the employee has the authority

An active role means that you are personally involved in the day-to-day operations of the company and have direct involvement in decision-making. For example, if you were a shareholder in a corporation and your only responsibility was to attend shareholder meetings, this would not be considered as being an active business owner-manager as you are not involved in the day-to-day operations of the company.

The BC PNP will assign points for your business and/or work experience from the last 10 years. Registrants must demonstrate they have sufficient knowledge and experience to successfully establish the proposed business in B.C.

4) Education

You must provide information on your highest level of education completed. To register, you must have one of the following:

- A post-secondary credential

  or

- Experience as an active business owner-manager with 100 per cent ownership of the business for at least three of the past five years. The 100 per cent ownership of the business may be shared between you, your spouse or common-law partner, and/or your dependent child(ren). The BC PNP uses IRCC’s definition of a dependent child.

A post-secondary credential refers to obtaining an educational credential such as a degree, diploma or certificate from a licensed post-secondary institution.

Language training such as English as a second language will not be considered towards meeting the post-secondary requirement.

If you are invited to apply, you will be required to provide evidence of your education, and you may be required to provide an education credential assessment.

For further information, please refer to the scoring section of this guide.
Business Requirements

You must answer questions and provide details of your business concept specific to your proposal. Your proposed business concept will be scored by the BC PNP. For details, please refer to the scoring section of this guide.

If you are invited to submit an application, your business plan must demonstrate:

- the proposed business is consistent with your registration business concept.
- potential for commercial viability under your ownership, including a market entry strategy to show how your proposed business will be successful in British Columbia.

In addition, if you plan to purchase an existing business, you must also be able to demonstrate:

- how the business will grow and expand under your management.
- that the business is a going concern (i.e. the business is in operation and is not in receivership at the time of purchase).
- that the business will generate a profit and can sustain the expanded workforce.
- that the business has been operated by the current owner for at least five years.

For more information on required documents for an application, please refer to part 5.

1) Eligible businesses

The BC PNP will only consider registrations to establish or purchase and improve a business that contributes to the economic growth of the Province. You must demonstrate that you will own at least one-third (33.3 per cent) of the business in B.C. If your proposed ownership is less than 33.3 per cent, you must invest a minimum of $1 million in an equity purchase.

The proposed business must be operated for the primary purpose of earning profits by providing products and/or services. Additionally, the business must have strong potential for sustained commercial success.

The BC PNP does not pre-approve or endorse business proposals.

The BC PNP will consider registrations to establish a new business, purchase an existing business, form a partnership with an existing business, and partner with a local or foreign entrepreneur to establish a new business.

You must decide on the specific type of business you intend to establish or purchase in B.C. before you register. If you plan to purchase an existing business or partner with a local business, you must indicate the specific target business or local partner in your registration.

You cannot change your business concept after you submit your registration.

For details on how points are assigned in your registration, please refer to the scoring section of this Guide.
2) Franchises

Franchises may be considered as eligible businesses if you can demonstrate that the proposed franchise is well-established.

If you are invited to apply, your application must include evidence that you are eligible to purchase and operate a franchise location by the franchisor.

The BC PNP will only consider the purchase of an existing franchise location as an eligible business if it includes an expansion/improvement plan that is consistent with franchisor requirements. All other requirements must also be met.

3) Seasonal businesses

The BC PNP will not consider a business proposal for a seasonal business unless the proposed business operates for at least eight months per year.

You must meet all other requirements outlined in this guide.

4) Ineligible businesses

The following types of businesses are ineligible under the BC PNP:

- an immigration-linked investment scheme pursuant to Provincial Immigration Programs Regulation section 6(e) and the Immigration and Refugee Protection Regulations (IRPR) section 87(5)(b) and as defined in IRPR 87(9)
- any business where the terms of investment include a redemption option pursuant to IRPR 87(6)(d)
- bed and breakfasts, hobby farms and home-based businesses
- payday loan, cheque cashing, money changing and cash machine businesses
- pawnbrokers
- scrap metal recycling
- coin-operated laundries
- automated car wash operations
- businesses selling used goods (excluding businesses that provide value-added services such as repairs, refurbishing or recycling)
- real estate development/brokerage, insurance brokerage or business brokerage
- businesses involved in producing, distributing or selling pornography or sexually explicit products or services, or providing sexually oriented services
- any other type of business that by association would tend to bring the BC PNP or the Government of British Columbia into disrepute

Your registration will be disqualified if you propose an ineligible business.
The BC PNP will not consider registrations for the following businesses proposed in Regional Districts with a population more than 300,000:

- convenience stores
- DVD rental stores
- gasoline service stations
- personal dry cleaning services
- tanning salons

Under the Entrepreneur Immigration registration, points will be awarded for your business concept. For detailed information on how points are assigned, please refer to the scoring section of this guide.
Minimum Investment Requirements

Under the Entrepreneur Immigration registration, points are assigned for your proposed total personal investment. When assessing the business concept, the BC PNP will determine the eligibility of your proposed investment and assign points for this section. For detailed information on how points are assigned, please refer to the scoring section of this guide.

1) Eligible personal investment

You must demonstrate that you will make an eligible personal investment of at least $200,000 in the proposed business within 610 days (approximately 20 months) of arriving in B.C. on a BC PNP-supported work permit.

Meeting the minimum eligible investment requirements does not guarantee that you will be invited to apply or be approved as a provincial nominee – only the highest-scoring registrants are invited to apply.

The minimum eligible personal investment of $200,000 must be derived from your personal net worth.

Eligible personal investment is the minimum required investment of eligible expenditures as described below.

If you are proposing a key staff member, you must demonstrate that you will make an eligible personal investment of at least $400,000. For more information, please refer to the key staff requirements section.

The proposed investment must be directed to one business location.

Total personal investment is not necessarily the same as eligible personal investment under the BC PNP. The eligibility of a proposed investment is determined by the BC PNP based on whether the expenditure is essential to establish and operate a new business or to purchase, improve and operate an existing business.

Some investment items may not be eligible while others may be eligible with limitations. For example:

a) Purchase of an existing business:

- The BC PNP may consider as eligible investment the lesser of the business value portion of the purchase price or $150,000.*
- You must commit to make an eligible investment of at least $50,000 to improve, upgrade and/or expand the business:
  - Eligible investments toward improving, upgrading and/or expanding a business may include new capital purchases and equipment, leasehold improvements, introduction of new technology, job creation, etc.
  - Improvement/expansion does not include regular operating expenses such as recurring inventory, wages, rent, utilities, or maintaining the same levels of marketing or advertising expenses, legal or professional fees, business licences, etc.
  - Establishing a new location or a separate business will not be considered as an eligible improvement or expansion.
The information in this guide is effective November 1, 2017. Please check our website to ensure you are using the correct version.

- The BC PNP will **not** consider the purchase of additional real estate as an eligible investment towards the improvement or expansion of the business.

* If you are proposing a partnership with a co-registrant, please refer to the [partnership with a co-registrant section](#).

The **BC PNP discourages registrants and applicants from making any investment prior to signing a Performance Agreement with the BC PNP and obtaining a valid work permit from IRCC.**

Signing an agreement to purchase a business and/or making a deposit is solely at your own risk.

b) Purchase of a business vehicle:

- The BC PNP will not consider the purchase of a vehicle as an eligible investment unless you can demonstrate that the vehicle is essential to the business. In which case:
  - The BC PNP may consider as eligible investment a maximum of $25,000 for the purchase of a business vehicle.

c) Inventory:

- A maximum of three months of inventory may be considered eligible.
- For the establishment of a new business, the BC PNP may consider a reasonable amount of start-up inventory. The reasonableness of the start-up inventory is based on the industry, type of products, and size and scope of the proposed business.
- For the purchase and improvement/expansion of an existing business, the BC PNP may consider a reasonable amount of up to three months of new inventory related to the improvement and expansion plan where a new product is to be sold. The new product must be substantially different than the type of products already sold by the business.

d) Operating expenses:

Operating expenses refers to regular, recurring monthly expenses such as rent, wages and salaries, utilities, advertising, accounting, etc.

The BC PNP may consider eligible operating expenses in the following circumstances:

- For the establishment of a new business: A maximum of six months of operating expenses.
- For the purchase of an existing business: A maximum of three months of operating expenses.
- For the establishment of a new franchise location: A maximum of three months of operating expenses.

Operating expenses, as recurring expenses required for the business to operate, may **not** form part of the required eligible personal investment for improvement, upgrading and/or expansion of the business.
e) For the purchase of an existing business:

if the total purchase price of the business is less than $150,000, the remaining balance of the eligible investment may be made up of other investments such as a maximum of three months of operating expenses.

For example, if the purchase price of the business is $100,000, and you invest $60,000 to improve and upgrade the business, the BC PNP may consider up to three months of operating expenses in addition to any other investments to make up the $40,000 difference.

For details on how points are assigned, please refer to the scoring section of this Guide.

2) Ineligible investments

The following are not considered eligible investments:

- cash and working capital
- wage payments made to yourself and your family members, if applicable
- real estate (when purchasing an existing business only the business value portion of the purchase price will be considered as an eligible expense).

3) Timing of your investment

The BC PNP will not consider as eligible any investment made prior to the date you are invited to apply.

The BC PNP discourages registrants and applicants from making any investment or financial commitment prior to signing a Performance Agreement with the BC PNP and obtaining a valid work permit from IRCC.

Any investment made prior to obtaining approval and a valid work permit is solely at your own risk.

The BC PNP does not require that you sign a purchase agreement or memorandum of understanding if you are purchasing an existing business.

4) External financing

BC PNP requires that you make the minimum eligible personal investment from your personal funds. However, you may also use external financing from a business partner or financial institutions.

If external financing is a requirement of business operations, you must identify how you will obtain the financing and how it will be applied in your proposed investment.
Job Requirements

1) Minimum job creation requirements

You must demonstrate that you will create at least one permanent, new full-time equivalent job for a Canadian citizen or permanent resident of Canada in the proposed business within 365 days (12 months) of your arrival date.

You must also demonstrate the likelihood of supporting long-term employment of Canadians or permanent residents of Canada in the proposed business.

Under the Entrepreneur Immigration registration, points will be awarded for this section. For detailed information on how points are assigned, please refer to the scoring section of this guide.

If you are proposing a partnership with a co-registrant, please refer to the partnership with a co-registrant section.

If you are proposing a key staff member, you must demonstrate that you will create at least three full-time equivalent (FTE) employees. For more information, please refer to the key staff requirements section.

An FTE job means a position of at least 30 hours per week on average and 1,560 hours per year, worked by one or more employees under continuous employment. FTEs must be Canadian citizens or permanent residents of Canada.

Independent contractors will not be considered as part of your job creation requirement – only direct employees of the proposed business will be considered. Any shareholder with 10% ownership or more of the business will not be considered as part of your job creation/maintenance requirement. FTEs must work at the primary place of business and not remotely.

Employment in British Columbia is regulated by the Employment Standards Act. For more information, please visit the Employment Standards website.

2) Determining the skill level of positions

When determining the position(s) to be created, please refer to the National Occupational Classification (NOC) system.

Proposed wages for the employees must be consistent with the skill level of the positions created.

For information on average wages, please refer to information on Work BC.

The BC PNP will assign you points in your business concept if you propose to create or maintain high-skilled jobs that fall under NOC skill levels 0, A or B. You must provide a rationale for their inclusion.

For details on how points are assigned, please refer to the business concept scoring section of this Guide.
3) **Job maintenance requirements** (if purchasing an existing business)

In addition to the job creation requirements listed above, if you are proposing to purchase an existing business, you must commit to maintain the number of existing jobs in the business, and pay your employee(s) a wage that is commensurate to their skill level.

Under the Entrepreneur Immigration registration, points will be awarded for this section. For detailed information on how points are assigned, please refer to the [registration scoring section](#).

For information on average wages, please refer to information on [Work BC](#).

Failure to maintain the number of existing jobs may result in your refusal at the nomination stage.

4) **Requirements at nomination stage**

In order to be approved for nomination, you must demonstrate that you have consistently employed the required number of full-time equivalent jobs, continuously, for at least six months before submitting your [final report](#).
Key Staff Requirements (if applicable)

About proposing a key staff

If you meet the requirements below, you may propose one key staff member whose expertise is essential to the success of your proposed business. The key staff member will be eligible to apply for a work permit to work for you in B.C. during the business establishment period and may also be eligible to be nominated for permanent residence.

The key staff must demonstrate education and experience consistent with the proposed occupation in B.C. as a senior manager, professional or technical position related to the proposed business.

Your requirements for proposing a key staff

1) As the employer of the key staff, you must demonstrate a rationale for a key staff in relation to the domestic labour market – that a Canadian citizen or permanent resident would not be able to perform the proposed duties. If you fail to demonstrate that the key staff is essential to establishing or operating and expanding your business, the proposed key staff will be refused. The role of the key staff will be assessed as a component of the business’s commercial viability.

2) Eligible personal investment:
   - If you are proposing a key staff, you must demonstrate that you will make an eligible personal investment of at least $400,000.
   - For the purchase of an existing business:
     - The amount of eligible investment that can be applied to the purchase of an existing business is the lesser of the total purchase price or $150,000.
     - You must invest at least $50,000 towards the improvement, upgrade, and/or expansion to the existing business.

3) Job creation:
   - If you are proposing a key staff, you must demonstrate that you will create at least three new, permanent, full-time equivalent positions for Canadian citizens and/or permanent residents of Canada.
   - If you are purchasing an existing business, you must maintain the number of jobs as described above, and create at least three new full-time equivalent positions.

Requirements for key staff

1) General requirements:
   - The key staff must have worked with you, the applicant, in a senior position for at least one year out of the last three years, and have a critical skill set for the proposed B.C. business.
   - The proposed position the key staff will fill must fall under the National Occupational Classification (NOC) system as Skill Type 0 or Skill Level A.
• If education and work experience are not specifically identified in the proposed position in B.C., the key staff must possess a minimum of two-years of post-secondary education.
• The wage offered must be equal to or greater than the median for that occupation in B.C. For information on average wages, please refer to information on Work BC.

2) If you are invited to apply:

• The key staff must demonstrate relevant experience that is transferable and essential to the proposed business in B.C.
• The key staff may be required to attend an in-person interview at the BC PNP offices in Vancouver.
• The key staff will be required to sign a Performance Agreement with the Province of British Columbia.

3) In order to be approved for nomination:

• The key staff must meet the terms and conditions outlined in the Performance Agreement, including:
  o continue to work on a full-time basis for the business, a minimum of 30 hours per week
  o work in the occupation identified in the Performance Agreement
  o reside within 100 kilometres of the place of business
• The key staff must not hold 10 percent or more ownership of the proposed business.
  o equity ownership may be offered as part of the remuneration package but it must be specified in the employment contract, and, in which case, it must be less than 10 percent
• The wage offered must continue to be equal to or greater than the median for that occupation.

For more information on proposing a key staff in your registration, please refer to the business concept section of this Guide.
Partnership with a Co-Registrant (if applicable)

You may choose to partner with another registrant under one business proposal.

If you are proposing to partner with a co-registrant, each co-registrant must provide a rationale for the business partnership and describe the business relationship with each partner.

Each co-registrant must meet the individual eligibility requirements listed in the Entrepreneur Immigration Program Guide in order to be entered into the qualified pool.

1) Total Personal Investment Requirement

Each co-registrant will receive points based on their proposed total personal investment.

For example, if there are three co-registrants (each with one-third ownership) and the total investment for the new start-up business is $1,200,000, then each co-registrant may claim total personal investment of $400,000.

The BC PNP will determine the eligibility of the proposed investment and assign a score in the business concept.

At the time of registration, co-registrants must each indicate what their proposed personal investment will be.

Each investment item in the investment breakdown must only indicate your own personal investment.

2) Eligible Investment: Purchase of an Existing Business

To determine the eligible personal investment for the purchase of an existing business, the BC PNP will recognize up to a maximum of $150,000 for each co-registrant’s share of the purchase price.

For example, if two co-registrants intend to purchase a business valued at $500,000 (each proposing to invest $250,000 towards the purchase), the BC PNP will recognize $150,000 for each co-registrant’s share of the purchase price.

However, if two co-registrants intend to purchase a business valued at $200,000 (each proposing to invest $100,000 towards the purchase), the BC PNP will recognize $100,000 for each co-registrant’s share of the purchase price.

Requirements to improve, upgrade and/or expand the business are the same as outlined in the minimum investment requirements section.
3) Job Creation / Maintenance

Each co-registrant must create at least one full-time equivalent position for Canadian citizens or permanent residents of Canada. If a co-registrant proposes to include a key staff, that co-registrant will also need to create three full-time equivalent positions.

At the time of registration, co-registrants must each indicate the number of full-time equivalent positions they will personally maintain and/or create. For example, two registrants may choose to maintain a total of four FTE positions and create a total of three FTE positions:

<table>
<thead>
<tr>
<th>Co-Registrant</th>
<th>FTE Positions Maintained</th>
<th>FTE Positions Created</th>
<th>FTE Positions Maintained and Created</th>
</tr>
</thead>
<tbody>
<tr>
<td>Co-Registrant A</td>
<td>2</td>
<td>1</td>
<td>3</td>
</tr>
<tr>
<td>Co-Registrant B</td>
<td>2</td>
<td>2</td>
<td>4</td>
</tr>
<tr>
<td>Total</td>
<td>4</td>
<td>3</td>
<td>7</td>
</tr>
</tbody>
</table>

Using the example above:

- co-registrant A must indicate at the time of registration that they will maintain two FTE positions and create one FTE position
- co-registrant B must indicate at the time of registration that they will maintain two FTE positions and create two FTE positions

4) Co-registrant registration scores will be adjusted to match the lowest scoring co-registrant.

For example, two registrants may choose to partner under one business proposal and may individually score 154 and 112 under the Entrepreneur Immigration registration. The partnership scores will be adjusted so that each co-registrant scores 112 points.

If the co-registrants are invited to apply, each application will be assessed separately. There is no guarantee that either or both of the co-applicants will be approved.

Each co-registrant must ensure they provide complete information on their background and work experience, their business proposal, as well as provide a rationale for partnering in the proposed business. For more information, please refer to the business concept section of this Guide.
Part 3: Entrepreneur Immigration Process

The BC PNP has an online registration process for individuals interested in the Entrepreneur Immigration stream.

This section of the guide details the registration and application process with the BC PNP.

The BC PNP process involves four main steps before you can apply for permanent residence:

1. **Preparation Before You Register**
   - business research
   - B.C. Regions and Regional Districts
   - purchasing an existing business (if applicable)
   - online resources
   - correspondence with the BC PNP

2. **Registering with the BC PNP**
   - creating your profile
   - how to register
   - scoring (includes business concept)
   - final scoring and the qualified pool
   - invitation to apply

**Review of Personal Net Worth**

3. **Applying to the BC PNP**
   - submit application
   - interview
   - Performance Agreement

4. **Work Permit**
   - arrive in B.C.
   - building your business
   - submitting your final report
   - being nominated

**After Nomination: Applying For Permanent Residence**
Preparation Before You Register

1) Preparation and business research

Please take the time to carefully review the program requirements detailed in this guide.

We encourage you to make an exploratory visit to B.C. to learn more about opportunities and the local business environment before you register.

During your visit, you can:

- investigate and evaluate potential business opportunities
- conduct market research
- make local business contacts
- learn more about what it’s like living and doing business in B.C., and gain a better understanding of our health care and education programs, housing, culture, recreation opportunities, and lifestyle

If you require a visitor visa (Temporary Resident Visa) to travel to Canada, you must apply online or to a Canadian visa office.

The BC PNP will not provide a letter of support for you to obtain a Temporary Resident Visa to conduct an exploratory visit to B.C.

2) B.C. regions and Regional Districts

Each of B.C.’s regions offers different key industries, business opportunities, demographics, and lifestyle opportunities. We encourage you to explore B.C.’s regions to find the best place for you.

B.C.’s Communities: www.britishcolumbia.ca/invest/communities/
B.C.’s Regions: www.welcomebc.ca/Live/about-bc/regions.aspx
Industry Sectors: www.britishcolumbia.ca/invest/industry-sectors.aspx
3) Purchasing an existing business (if applicable)

If you are interested in purchasing an existing business in British Columbia, you must conduct your own due diligence to determine whether the business meets eligibility requirements.

The BC PNP discourages potential registrants and applicants from making any investments or financial commitments prior to signing a Performance Agreement with the BC PNP and obtaining a valid work permit from IRCC. Any investment made before you obtain a valid work permit is solely at your own risk. The BC PNP does not guarantee that your registration will be selected or that your application will be approved.

4) Online resources

You may also want to explore the following online resources to learn more about our province:

- **Welcome BC**: Learn about living, investing, working and studying in B.C. as an immigrant to Canada.

- **Small Business BC**: This resource centre has information, products, services and support for entrepreneurs at every stage of business development.

- **Trade and Invest BC**: Learn about the many opportunities to invest in high growth businesses, discover B.C.’s innovation clusters, connect to B.C.’s businesses and communities, and explore B.C.’s unique lifestyle.

- **Doing Business in British Columbia**: A detailed guide on how to establish a business in B.C. as well as information you may want to consider before you develop your business concept.

- **Hello BC**: British Columbia’s official tourism website, with suggestions on things to see and do, places to stay and information on how to get around.

- **BCEDA**: Learn more about the role of economic development in the regions. You may refer to the directory of BCEDA members for specific industry information for a particular B.C. community.

- You may also refer to the Business Improvement Association of BC website, and the B.C. Chamber of Commerce website.

5) Correspondence with the BC PNP

Correspondence with the BC PNP is typically conducted through email.

It is your responsibility to ensure that your correspondence was successfully received by the BC PNP. It is recommended that you enable “delivery receipts” in your email program.

The BC PNP can only provide specific information about your registration and/or application if your email address was authorized in your BCPNP Online profile.
Registering with the BC PNP

What is the Entrepreneur Immigration registration?

The Entrepreneur Immigration registration is an online registration process that is the first step to immigrating to British Columbia as an immigrant entrepreneur. As it is a points-based system, you will receive a score based on the information you provide.

Your score will determine whether you will receive an invitation to apply under the BC PNP Entrepreneur Immigration stream.

How does it work?

You must create an online profile and complete all of the sections, including a business concept.

You will be assigned points for each section when you submit your registration, except the business concept section. The business concept section will typically be scored by the BC PNP within six weeks of submission. The BC PNP will verify the scoring in all sections to finalize your registration score.

If you meet the minimum points requirement for each of the sections, you will be entered into a qualified pool. You will remain in the pool for a maximum of 180 days (approximately six months).

Periodically, the BC PNP will invite the highest-scoring registrants to apply. More information about the invitation to apply process can be found in the invitation to apply section.

Please carefully review the program requirements before completing your registration.

What else should I know?

- The BC PNP reserves the right to make changes to the Entrepreneur Immigration registration without prior notice, including changes to the score grids, the minimum total required in each section, the expiry of registrations in the qualified pool, and the number and frequency of registrants invited to apply. Please check our website to ensure you are using the most up-to-date version of this guide.

- A registration into the Entrepreneur Immigration registration system is not a guarantee that you will be invited to submit an application.

- A non-refundable registration fee of $300 will be charged at the time of registration submission.

- The BC PNP will accept a maximum of 200 registrations per month.

- You do not need to submit attachments with your registration, unless you are using the services of an immigration representative. If you choose to use the services of an immigration representative, you must upload a scanned copy of the use of a representative form available on our website.
You are not able to make changes or edit any information once the registration is submitted.

If you qualify, your registration will remain in the qualified pool for 180 days (approximately six months).

The number of invitations and frequency of draws will be determined by the BC PNP’s processing capacity and is subject to change. Please check our website for information on the most recent invitations.

Your registration will be assessed according to the program requirements applicable at the time of submitting your registration.

The BC PNP will verify the information you provide in your registration and may adjust your score if necessary.

We may refuse your application if the information in your registration is materially different from what you submitted in your application.

The BC PNP may request additional information to verify the contents of your registration/application, or to provide you with an opportunity to respond to concerns with your registration/application.

The BC PNP does not accept paper documents. All documents submitted in response to a BC PNP request must be submitted electronically.

1) Creating your profile

In order to register, you must create a profile with BCPNP Online. This includes your email and home address, telephone number and passport information as well as security questions and password. You will receive an email from the BC PNP asking you to confirm your email address and password.

The BC PNP requires that the email address in your BCPNP Online Profile be your personal email address. This is to ensure you receive all relevant correspondence to your file.

You are responsible for updating your contact information in your profile and ensuring that it is current and up to date.

Once you have completed your profile, click on the Entrepreneur Immigration stream button to continue the registration process.

2) Completing the registration

When you click on the Entrepreneur Immigration stream, you will be directed to My Dashboard, where you can complete your registration.

The registration requires you provide information in all sections, which are listed as tabs across the top of My Dashboard.
You are able to copy and paste from another program into text fields. Tables requiring numbers will automatically calculate totals.

The system will save your information when you click on any tab and when you click the Next or Previous buttons.

3) Submitting your registration

When you complete the submit tab, which contains the declaration and confirmation for you and your spouse, and select Submit this registration form, the system will calculate your section scores, based on the information you provided. The business concept section will be scored separately by the BC PNP.

The registrant declaration in the online registration requires your consent and is the legal equivalent to your signature. As the registrant, you must ensure that you have read and understood the declaration.

If your scores in each section meet the minimum eligibility scores, you will be directed to the electronic payment system to pay the $300 non-refundable registration fee.

Your registration will only be submitted to the BC PNP after you have paid the registration fee. You will receive a fee payment receipt and acknowledgment.

The BC PNP will assign points to your business concept score and provide you with a total score within six weeks. You will receive an email notification of your score and whether you have been entered into the qualified pool. An update of your final registration score will appear in My Dashboard.

Tips and information

You do not need to complete the registration in one session. You may return to your registration as often as needed. Inactive profiles and registrations will be deleted after 30 days.

If you do not meet the minimum eligibility score, you will be directed to My Dashboard. Any sections where you did not meet the minimum score or sections where there was an error will be highlighted in red. You may return to the section and correct any errors.

Information on the minimum scores is detailed in the scoring section.

To avoid lost data due to system time-out or network connection issues, it is recommended that you compose your business concept in local word processing software and then paste the text into the browser field.

Once you have paid the fee, you will not be able to make any changes or edits to your registration.
Registration Scoring

Your registration will be scored based on the information you provide. The grids below outline how your score will be calculated.

Each section of the registration has a minimum eligibility score. You must meet the minimum scores in each section to be entered into the qualified pool.

1) Experience

You will receive points based on your business ownership and/or senior management work experience.

You must provide details of your business/work experience for the last 10 years. Please list all of your active business ownership and/or senior management work experience. You will be assigned points in the experience section for periods that are not duplicated in time.

For example, if you owned 100 per cent of Business XYZ but you also worked at Business XYZ as the general manager, you will only be assigned points for your business owner-manager experience.

The transferability and relevance of your background to your proposed business in B.C. will be scored by the BC PNP as part of your business concept.

The program requirements section of this Guide provides detailed information on business and work experience requirements.

To register, you must indicate the industry sector code(s) and occupation code(s) that best relate to your experience:

- To identify the industry sector, please refer to the North American Industry Classification System (NAICS).
- To identify the occupation and associated skill level, please refer to the National Occupational Classification (NOC) system.

The NAICS is a classification system used by the Government of Canada to identify industry sectors. Some businesses may fall under more than one NAICS code.

The NOC system is a classification system used by the Government of Canada to identify occupations and associated skill levels. The NOC codes also outline job duties and employment requirements.

If you are invited to apply, you must provide evidence of your reported business and/or work experience. For information on documents required at the application stage, please refer to part 5.
The maximum score available for this section is 20.

You must score at least 8 points to meet the minimum requirements for this section.

2) Net worth

You will receive points based on your total personal net worth including that of your spouse or common-law partner, if applicable.

The program requirements section of this guide provides detailed information on personal net worth requirements.

You will have to provide information on the following:

- **current assets:**
  - bank deposits (e.g., personal chequing and savings accounts)
  - liquid investments (e.g., stocks, bonds, term deposits redeemable/cashable within one year)
  - other liquid assets (you must specify)

- **other assets:**
  - real property (e.g., real estate, personal and commercial property ownership)
  - business ownership (current value of your percentage ownership in business(es), excluding stocks held in investment portfolios that have been included under liquid investments above)
  - pension funds and other assets (you must specify)

- **liabilities:**
  - real property mortgage
  - other debts (e.g., personal loans, credit card debt)

You must score at least 5 points to meet the minimum requirements for this section.

3) Total personal investment

You will receive points based on your proposed total personal investment for the business. Your proposed business-related investment must be completed within 610 days (approximately 20 months) of arriving in B.C. on a BC PNP-supported work permit.

You will be required to include your proposed **total personal investment** for your proposed investments.

The BC PNP will assess the eligibility of your proposed investments and assign you a score in the **business concept**.

Under the Entrepreneur Immigration registration, typical investment items are included as dropdown items. You may add investment item fields to the table by clicking **other**.

The following are provided in the dropdown items:

- purchase of existing business
- new equipment purchases
- start-up inventory or new inventory related to an improvement/expansion plan
- leasehold improvements
- new marketing costs
- operating expenses
- other – you may describe additional investment items

The **program requirements section** of this guide provides detailed information on minimum investment requirements.

You must score at least 8 points to meet the minimum requirement for this section. If you are proposing a key staff, you must score at least 10 points to meet the minimum requirement.

4) Jobs Created / Maintained

You will receive points based on your proposed job creation, and job maintenance if you are purchasing an existing business. Your proposed job creation must occur within 365 days (12 months) of your arrival to B.C.

For the proposed business, your points will be based on the number of full-time equivalent (FTE) positions that you will create for Canadian citizens and/or permanent residents of Canada. In addition, if purchasing an existing business, your points will also be assessed on the number of FTE positions that are maintained for Canadian citizens and/or permanent residents of Canada.

You will not qualify if you do not create at least 1 FTE job. If you are proposing a key staff, you must create a minimum of 3 FTEs.

If you are proposing to partner with a co-registrant, please refer to the partnering with a co-registrant section.

To identify the occupation and associated skill level, please refer to the National Occupational Classification (NOC) system. The salary field represents the annual salary of the position.

The program requirements section of this guide provides detailed information on job creation requirements.

You must score at least 8 points to meet the minimum requirement for this section. If you are proposing a key staff, you must score at least 10 points to meet the minimum requirement.

5) Location based on B.C. Regional District

Points are awarded for the location of the proposed business based on the population sizes of B.C.’s Regional Districts.

The BC PNP is focused on attracting investment to regional communities and under the Entrepreneur Immigration registration, higher points are awarded for investments proposed in smaller communities.

The applicant must work at the primary place of business in the proposed regional district.

6) Adaptable Factors

The BC PNP will consider adaptable factors and assign points for these factors as part of the registration score. These factors are not mandatory requirements of the BC PNP but are indicators to support the likelihood of your economic establishment in B.C.

a) English language proficiency

English language is not a mandatory requirement of the BC PNP Entrepreneur Immigration stream. However, points are assigned for self-declared English language proficiency.

To register, you must indicate your current level of English language proficiency.

Evidence of language proficiency, such as copies of test scores or certificates, are not required when you register. If you are invited to apply, you may be required to provide evidence of your language proficiency.

For the purposes of determining your current level of English language proficiency, you may wish to refer to the Centre for Canadian Language Benchmark’s publication, Canadian Language Benchmarks: English as a Second Language for Adults.

b) Education

You will receive points for your highest level of completed education.

If you are invited to apply, you will be required to provide evidence of your education, and you may be required to provide an education credential assessment.

c) Previous visit(s) to B.C.

If you have previously visited British Columbia, you must provide details of your visit(s), including cities/municipalities visited, and the dates when you entered and exited B.C. If you are invited to apply, you will be required to provide evidence of your previous visit(s) to B.C.

d) Age

While the BC PNP does not have any age requirements or age limit, your age will be assigned points under the Entrepreneur Immigration registration.

e) Canadian experience

The BC PNP will assign points if you possess any of the following experience obtained in Canada within the last 10 years:

- **Canadian, full-time work experience:** You have legally worked in Canada for at least 12 consecutive months in any occupation, which may include the active management of a business under your ownership in Canada.

- **Full-time studies in Canada:** You have legally studied in Canada under a secondary or post-secondary program for at least 12 consecutive months (including scheduled breaks
such as winter and summer breaks and holidays – a minimum of two consecutive semesters).

Points will not be assigned for language training such as English as a second language.

You must have had legal authorization such as a work permit for claimed work or business experience, or a study permit for claimed full-time studies in Canada.

If you are invited to apply, you will be required to provide evidence of your Canadian experience.
For information on required documents for a complete application, please refer to part 5.

There is no minimum required score for this section.

* If your score for Education Level is 0, you will not be eligible to register unless you have at least three years of active management experience of a business that you had 100 per cent ownership in the last five years.
Business Concept Scoring

You must answer questions and provide details of your business concept specific to your proposal. Your proposed business concept will be scored by the BC PNP.

You will be asked to provide details of the following:

- description of the business model and its operations: what will the business do and how will it do it?
- description of the types of goods and/or services the business will provide
- your proposed job title and duties, and how your qualifications relate to the proposed business
- description of how your business will be commercially viable: what is your market entry strategy?
- description and rationale for your staffing requirements

In addition to the above, if you are purchasing an existing business, wholly or partially, please include:

- identify and describe the target business, including staffing
- summarize the company's financial performance, with approximate annual revenue, and net profit from the past two years
- provide a description and rationale of your improvement/expansion plan
- comment on business history and financial health
- explain how you established the value of the business

In the business concept section, you will be also required to indicate whether you are proposing any of the following:

- franchise business
- partnership with local partner(s)
- partnership with BC PNP co-registrant(s)
- a foreign key staff

If you are proposing to establish a franchise business, either a new franchise location or purchasing an existing one, you must provide details on the franchisor. In addition, you must identify any franchisor conditions or restrictions on approving you as a franchisee, and describe the franchisor response to your request for a proposed new location. For more information on franchise businesses, please refer to the business requirements section.

If you are proposing to partner with a local or foreign businessperson or co-registrant, you must provide a rationale for the business partnership and describe your business relationship with each partner. You must indicate whether the local partner will make any investment into the business.

If you are partnering with a co-registrant, each co-registrant must submit their registrations within four weeks of the earliest registration. Your registration will not be accepted if your co-registrant(s) submits a registration more than four weeks after your registration is received.

If you are proposing a key staff, you must identify the key staff and provide a rationale for why the key staff is essential to the proposed business, and describe your business relationship with the key staff.
Do not include general market research or statistics in your business concept.

Your registration will be disqualified if:

- you propose an ineligible businesses
- you are proposing to purchase an existing business but have not identified the target business

You must score at least 32 points to meet the minimum requirement for this section.

Your business concept will be scored on the following factors:

**1) Commercial viability**

The BC PNP will assess your business concept and assign points based on the commercial viability of your proposed business. If you are invited to apply, you will be required to submit a comprehensive business plan as part of your application. The BC PNP will evaluate the commercial viability of your business plan as part of the assessment of your application.

a) Business model

You must describe how your proposed business will generate revenue and profit, and how the business will have the potential for sustained commercial success under your management.

For the purchase of an existing business, including partnerships:

- Expansion/improvement plan: You must identify how you will improve, upgrade and/or expand the existing business. This may include creating new employment, investing in improvements and/or upgrades to the business, introducing new products and/or services, etc.

- Financial stability: You must be able to demonstrate that the business is a going concern (profitable), that it can sustain additional expenses and investments, how the business will generate additional profit, and how the workforce will be expanded.

- You will receive points for your business model based on the following table:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

| Maximum Score Available | 10 |

BC PNP advisors rely on the following criteria to assess the business model:

1) An unsatisfactory/unclear business model (1 point) will be determined if any of the following are identified:

   i. business model does not clearly identify and/or describe the business operation from start to finish
   ii. business model does not clearly identify the products and/or services being offered
   iii. proposed scale of business is not consistent with industry/regional norms
   iv. business concept does not provide details of applicant’s proposed role
   v. business concept does not provide substantive information on local business partner and/or co-applicant and/or key staff (if applicable)
   vi. proposed key staff is ineligible and/or the co-registrants do not demonstrate a prior working/business relationship
   vii. **if purchase of existing business:** the proposed expansion plan does not effectively address a plan to upgrade/improve or expand the existing business, or is ineligible
   viii. **if purchase of existing business:** the proposed expansion plan relies primarily upon unsubstantiated investment and/or job creation and appears to be inconsistent with industry/regional norms
2) A fair business model (5 points) will be determined if all of the following are met:

   i. business model is clearly identified and describes the business operation from start to finish
   ii. business model clearly identifies the products and/or services being offered
   iii. proposed scale of business is consistent with industry/regional norms
   iv. business concept provides substantive information on local business partner and/or co-applicant and/or key staff (if applicable)

3) A good business model (10 points) will be determined if, in addition to core requirements for fair, the business concept also meets at least 3 of the following factors:

   i. proposed investment and jobs plan is consistent with the business model (must score 6 points for assessment of investment and score 6 points for jobs assessment)
   ii. business model identifies a clear strategy to become commercially viable
   iii. business model’s operational plan is internally consistent
   iv. applicant’s proposed duties with the business are consistent with applicant’s experience

b) Market and products/services:

You must provide an effective market entry strategy to show how your proposed business will be successful in British Columbia. If you are planning to purchase an existing business, you must be able to demonstrate how the business will grow and expand under your management.

You must describe the types of products and/or services that will be offered, or that are currently offered if you are purchasing an existing business. Describe the uniqueness of the product(s) and/or service(s).

You will receive points for your market and products/services based on the following table:

<table>
<thead>
<tr>
<th>Market &amp; Product</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Does not satisfactorily address any of the Market/Product factors</td>

</tr>
<tr>
<td>Addresses at least one of the Market/Product factors, and is consistent with Business Model</td>
<td>4</td>
</tr>
<tr>
<td><strong>Maximum Score Available</strong></td>
<td><strong>4</strong></td>
</tr>
</tbody>
</table>
Scoring will be based on whether the registrant demonstrates at least 1 of 4 critical factors, which are consistent with the Business Model:

1) Competitive edge: the product/service offers distinction from its potential competitors. If local competitors offer the same or similar product/service, then it does not offer substantive distinction.

2) High-value: the proposed product/service will be a specialized product/service that is differentiated from generic, mid to low-value products/services.

3) New product/service: the product/service is “new to the market” or “new to the world”. The business concept should demonstrate that the product/service is not locally available.

4) Competitive analysis / market entry strategy: business concept provides a competitive analysis that identifies current/potential competitors, how to make the product/service unique or distinguishable, how to attract the target market, strengths and weaknesses of current and potential competitors, and how the proposed business’s competitive advantage and how it will effectively enter the market.

c) Eligible personal investment

The BC PNP will determine the eligibility of your proposed investment and assign you points.

You must describe your proposed investments. The BC PNP will assess your proposed investments and assign you a score in your business concept. The assessment will be based on the details you provide regarding your proposed investments and considered against the type and scope of the proposed business, the market, the products/services, the business model, and the industry and/or local standards. If you are proposing the purchase of an existing business, your registration will be disqualified if less than $50,000 is proposed as eligible investment towards the improvement, upgrades, and/or expansion of the existing business (i.e. expansion investment).

The program requirements section of this guide provides detailed information on eligible investment requirements.

This investment must be made from your own personal funds. External financing, including mortgages and loans, will not be considered toward your personal investment.
You will receive points for your proposed eligible personal investment based on the following table:

<table>
<thead>
<tr>
<th>Eligible Personal Investment</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than $200,000 or less than $50,000 of eligible expansion investments</td>

<tr>
<td>$600,000 to $799,999</td>
<td>3</td>
</tr>
<tr>
<td>$800,000 or more</td>
<td>4</td>
</tr>
</tbody>
</table>

**Maximum Score Available**: 4

* If you score 0 points in this section, your registration will be disqualified.

** If you are proposing a key staff and your score in this section is less than 2 points, your registration will be disqualified.

d) **Assessment of proposed personal investment**

The BC PNP will assess your proposed investment based on the type and scope of the proposed business, the market, the proposed products and/or services, the business model, and the industry/region standard.

<table>
<thead>
<tr>
<th>Assessment of Proposed Personal Investment</th>

<tr>
<td>Investment proposal corresponds to the type and scale of the business, the market, the proposed products and/or services, the business model, and the industry standard.</td>
<td>6</td>
</tr>
</tbody>
</table>

**Maximum Score Available**: 6

BC PNP advisors rely on the following considerations when assessing the proposed investment:

- The proposed investments are not substantiated, or appear overstated and/or unreasonable based on the type and scale of the business (and expansion plan, if applicable)

- The investment appears to correspond to the type and scale of the business given the information provided.
• The proposed investments are detailed and substantiated in the business concept demonstrating that the registrant has conducted a significant amount of due diligence. The investment appears to correspond to the type and scale of the business as well as the market, the proposed products and/or services, the business model, and the industry standard.
e) Ownership Percentage

You must demonstrate you will own at least one-third (33.3 per cent) of the business in B.C.

You will receive points for ownership percentage based on the following table:

<table>
<thead>
<tr>
<th>Ownership percentage</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>100% ownership</td>
<td>4</td>
</tr>
<tr>
<td>More than 50% and less than 100%</td>

<tr>
<td>33 1/3% to 50%</td>
<td>2</td>
</tr>
<tr>
<td>Less than 33 1/3% ownership*</td>
<td>0</td>
</tr>
</tbody>
</table>

Maximum Score Available 4

* If your ownership is less than 33 1/3 per cent, you must invest a minimum of $1 million in order to not be disqualified. This investment must be an equity purchase. Please refer to the business requirements section of this guide.

f) Risk factors

The BC PNP will consider the potential for any risk factors of your proposed business and your ability to address risks.

You will receive points for risk factors based on the following table:

<table>
<thead>
<tr>
<th>Risk Factors</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>• proposing external financing OR</td>

</tr>
</tbody>
</table>

Maximum Score Available 2
2) Transferability of skills

Transferable skills are assessed by considering the similarity of the occupation and industry of your business/work experience to that of your proposed business in B.C.

You will be assigned points for your transferable skills at the registration stage, and if you are invited to apply, the BC PNP will assess your transferable skills at the application stage.

You will receive points based on your direct experience and/or experience in related industries for the last 10 years.

**Direct experience** is defined as experience gained in the same industry and sector corresponding to the first three digits of the proposed **NAICS** number.

**Related experience** is defined as experience gained in a similar industry operating in a related business line as the proposed business.

To identify the industry sector, please refer to the **NAICS**.

The BC PNP will confirm the registrant’s entered NAICS code corresponds to the registrant’s industry experience.

Definitions of active business owner-manager and senior manager are described in the **Personal Requirements** section of this Guide.

If you have business ownership and senior management work experience, your score will be calculated by combining your business experience and your work experience with the following equation:

(Total business experience **only** points) + (50 per cent of points calculated from work experience **only**)*

*Unless your work experience only points are greater than the combined total.
a) Business experience only

3) Economic benefits

You will receive points based on the potential to add economic benefits to British Columbia. The BC PNP will review your registration and assign points for the following factors used to demonstrate the economic benefits of the proposed business in B.C.

You must substantiate your proposed economic benefit factors.

a) Key sector & significant economic benefits

The following key sectors are eligible for additional points:

- **Agrifoods**: food production and food processing
- **Technology and Green Economy**
- **Forestry**
- **Transportation**
- **International Education**: proposed accredited educational institutions that offer educational programs in B.C. to foreign students
- **Biomedical**: includes research and development, manufacturing, etc.
- **Mining & Energy or Natural Gas Sector**
- **Destination Tourism**: businesses that target tourists directly where its products/services are the tourist attractions rather than businesses that offer spin-off activities from the tourism industry
- **Value-Added Manufacturing**: for businesses the offer high-value added manufacturing – not basic or simple assembly of foreign-made products
- **Aboriginal Peoples and First Nations**: partnering with or receiving support from First Nations communities for businesses that affect the First Nation community, and/or largely benefit First Nations communities
Other significant economic benefits that the proposed business may demonstrate:

- **Adopting new technology**: the new technology must not already be in regular use in similar business
- **Developing new products & services**
- **Developing innovative approaches to traditional businesses**: innovative approaches are considered high-value (technology-based) and not already in regular use by similar businesses
- **Increasing exports**: primary businesses that will/may increase exports. This does not include businesses that facilitate exports/trade such as trading companies or agencies
- **Increasing research and development, and technology commercialization**
- **Providing products or services to an under-served local or regional market**
- **Transferring technology and specialized knowledge to B.C.**: facilitates and/or supports the high technology industry, and/or provides opportunities to develop technology products/services in B.C.

### b) Jobs assessment

The BC PNP will assess your jobs plan based on the type and scope of the proposed business, the market, the proposed products and/or services, the business model, and the industry standard.

<table>
<thead>
<tr>
<th>Jobs assessment</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>The business concept does not support the creation of at least 1 FTE position, or, if proposing a key staff, the creation of at least 3 FTE positions</td>

<td>1</td>
</tr>
<tr>
<td>Jobs plan corresponds to the type and scale of the business</td>
<td>6</td>
</tr>
</tbody>
</table>

**Maximum Score Available**: 6

* If you score 0 points in this section, your registration will be disqualified.
BC PNP advisors rely on the following considerations when assessing the proposed jobs plan:

- The jobs plan provides insufficient or incomplete information where the BC PNP cannot determine whether the business concept supports the creation of the minimum FTE requirement. Or, the jobs plan only proposes the creation of occupations that are typically contracted out or do not meet the minimum 30 hours per week (or 1,560 hours per year).

- The proposed job creation plan is not substantiated, or appears overstated and/or unreasonable based on the type and scale of the business (and expansion plan, if applicable), and/or industry norms. If purchasing an existing business, the job creation plan is inconsistent with the proposed expansion plan and/or historical financial information.

- The jobs plan appears consistent with the business model and corresponds to the type and scale of the business. Satisfactory information provided.
c) High-skilled jobs

You will receive points for proposing to create or maintain jobs in high-skilled occupations.

<table>
<thead>
<tr>

</tr>
<tr>
<td>Business concept substantiates the creation/maintenance of 2 or more high-skilled positions</td>

</tr>
</tbody>
</table>

**Maximum Score Available** 4

BC PNP advisors rely on the following considerations when assessing the proposed jobs plan:

- The NOC code and whether it corresponds to the job title and proposed duties.
- The proposed occupations are substantiated and are typically employed as full-time positions within the same industry and/or business scale.
- The proposed wages appear to be consistent with industry norms (for this stage of the business life cycle).

d) Regional development

The BC PNP will assign additional points in your business concept for the location of the proposed business based on B.C.’s development regions.

Final scoring and the qualified pool

After you complete your registration, please ensure that you have received a confirmation email that includes your BC PNP registration number. If you do not receive this email within 24 hours, please email the BC PNP at En.Imm@gov.bc.ca for further instructions.

Upon completion of the registration assessment, you will receive an email from the BC PNP with your final score indicating whether you have met minimum requirements to be entered in the qualified pool. You will be able to view your final registration score, including scores for each section in My Dashboard.

Registrations that meet the minimum points total in every section will be entered into the qualified pool. Registrations in the qualified pool are valid for 180 days (approximately 6 months).

If you are not invited to apply to the BC PNP within 180 days of qualifying, your registration will expire.

Registrants may only have one active BC PNP registration or application at any given time.

If you are proposing a co-registrant, the total score of the lowest-scoring registrant(s) will be applied to all co-registrants.
Invitation To Apply

Ranking

If you have entered the qualified pool, your final registration score will be ranked along with other registrants. Periodically, the BC PNP will invite the highest-scoring registrants to apply to the Entrepreneur Immigration stream.

In the event of a tie, registrants will be ranked according to the scores in the individual sections in the following order:

1. business concept
2. job creation
3. business/work experience

Invitations to apply

If you are invited to apply to the Entrepreneur Immigration stream, you will receive an email notification including:

- your BC PNP Entrepreneur Immigration file number
- instructions on how to complete the BC PNP Entrepreneur Immigration application
- list of qualified suppliers for the verification of your net worth
- timelines for application submission

If you are invited to apply, your registration will be removed from the qualified pool.

Registrants who are invited to apply will have up to 120 days (approximately four months) from the date of invitation to submit a complete application. This allows you time to finalize your business plan and obtain a verification report of your net worth from a qualified supplier.

If you are invited to apply and select the ‘decline’ button on your dashboard, your invitation to apply will be declined. Your registration will be removed from the qualified pool and your registration and invitation will be cancelled. Your profile will remain active. You may submit a new registration at any time, however, re-registration does not guarantee another invitation to apply.

Please note that no refunds of the registration fees will be issued for users who decline an invitation to apply.

The number and frequency of invitations to apply is based on annual nomination allocations and the BC PNP’s processing capacity to ensure timely processing of applications.

The BC PNP may refuse your application if the information in your application is materially different from your registration.
What if I am not invited to apply?

Registering does not guarantee that you will be invited to apply. The BC PNP will only invite the highest-scoring registrants from the qualified pool.

You may wish to improve your score by developing a new business concept or improving your adaptability and submitting a new registration. Your previous registration will be withdrawn.

Previous invitations to apply

Information about invitations to apply, including date, number of invitations issued and minimum ranking scores, are posted on the invitations to apply page of our website.
Review of Net Worth

You must engage a qualified supplier to review your net worth and accumulation of funds in order to submit an application to the BC PNP.

What is a qualified supplier?

A qualified supplier is a professional chartered accounting services supplier, who is qualified by the BC PNP, that will complete a verification report of your net worth. The list of qualified suppliers and instructions is included with the invitation to apply.

How does it work?

You must enter into an agreement with a BC PNP-qualified supplier to complete a review of your net worth. You are responsible for all costs associated with this service.

You must have a BC PNP file number before you engage a qualified supplier.

The qualified supplier will review your net worth claims and your accumulation of funds through an analysis of your supporting financial documentation. The qualified supplier will produce a report of your net worth and its legal accumulation. The report will outline how much of it is verifiable, and whether there are any concerns that will require further investigation. The qualified supplier may contact you to request additional information.

When the review is complete, the qualified supplier will send you and the BC PNP a copy of the report.

What will I need to provide?

You must provide the qualified supplier with a completed IRCC Schedule 4A Personal Net Worth form, including the Section J - Accumulation of Wealth Narrative.

You must also provide to the qualified supplier all supporting documentation identified in part 5.

What are the details?

The cost of obtaining a verification report will depend on which qualified supplier you choose, and the amount of time it may take to evaluate your financial documentation. The cost of this review will depend on the extent and complexity of your net worth.

The amount of time it takes to evaluate your financial documentation and prepare a verification report will vary. Factors such as the volume of financial documentation you provide and the processing capacity of the qualified supplier can impact the timing.

The verification report will be used as part of the BC PNP application assessment process.

Notwithstanding the conclusions of the net worth verification report, the BC PNP has sole discretion and responsibility to assess your BC PNP application and may request additional information, supporting documentation or clarification.

The verification report is valid for one year from the date of issuance by the supplier.
Failure to provide satisfactory evidence to verify your net worth and source of funds may result in the refusal of your application.

**Important:** Do not engage a qualified supplier until you have received your BC PNP invitation to apply.
Applying to the BC PNP

1) Submitting your application

If you received an invitation to apply, you will have up to 120 days (approximately four months) to submit a complete application including a verification report of your net worth, all supporting documents and a comprehensive business plan.

Your application must be submitted through your BCPNP Online account (refer to your Invitation to Apply and your BCPNP Online dashboard for instructions). A maximum of 50 attachments can be uploaded to your application. Attachments cannot exceed 3MB each; please reduce your file size and merge files according to type of document.

For more information on submitting your application, including a Business Plan Guide, please refer to part 5.

2) Processing fee

You must pay a $3,500 non-refundable processing fee. Your spouse or common-law partner and dependent children are included in the BC PNP application fee.

If you are proposing a key staff member, you must pay an additional $1,000 non-refundable processing fee.

3) Application assessment

As per section 6 of the Provincial Immigration Programs Regulation, the BC PNP may approve or decline your application after taking into consideration the following, provided you have met program requirements, as described in part 2 of this guide:

- whether your entry will be of benefit to the economic development of B.C.
- your ability and intention to permanently settle and become economically established in B.C
- whether you have entered, or intends to enter into an immigration-linked investment scheme
- whether the information provided in relation to your application is accurate, complete and reliable
- whether you will provide active and ongoing management of the eligible business from within B.C.

After a review of your application, the BC PNP may either:

- offer you an opportunity to respond to any concerns regarding your application; or
- contact you to attend an in-person interview at our office in Vancouver.

If concerns are not satisfactorily addressed, your application will be refused.

Furthermore, the BC PNP may refuse your application if the information in your application is materially different from what you submitted in your registration.
4) Interview

If requested by the BC PNP, you will be required to attend an in-person interview at the BC PNP offices in Vancouver. In the interview, you will be expected to describe your business/work experience and demonstrate a thorough understanding of your business plan.

This interview is an opportunity for you to describe your background and experience along with your business plan. In addition, the interview will be your opportunity to address any concerns that are raised.

A decision on your application will be based on the information you provide up to and during your interview. Any additional or new information after your interview may not be considered, unless requested by the BC PNP.

Interviews are conducted in English only. If you are unable to communicate in English, you must obtain the services of a certified court interpreter. This is to ensure you will be able to clearly communicate to BC PNP program staff. You must submit a use of an interpreter form a minimum of ten days prior to your scheduled interview. A certified court interpreter is a member of the Society of Translators and Interpreters of BC (STIBC) or a society belonging to the Canadian Translators, Terminologists and Interpreters Council (CTTIC); or a graduate from the Court Interpreting Certificate Program from Vancouver Community College (VCC). The interpreter provides direct interpretation during the interview and will not assist you to respond to questions in any way other than direct interpretation of questions and answers.

If you require a Temporary Resident Visa (TRV) to attend the in-person interview, the BC PNP will provide you with a letter of support for your TRV application.

At its discretion, the BC PNP may issue a maximum of two TRV support letters per applicant. An applicant’s inability to attend an in-person interview will result in the refusal of your application.

5) Performance Agreement

If your application is approved, you will be required to sign a Performance Agreement with the Province of British Columbia. This document outlines the performance expectations you must meet for nomination.

Performance Agreements are unique to each applicant (and key staff, if applicable) and are based on the information provided in the application, business plan, and during the interview.

The Performance Agreement for you (the principal applicant) typically includes:

- type of business and location
- investment amounts and timelines
- the number and type of positions to be created for Canadians or permanent residents
- active management requirement
- residency requirements
- timeframes within which you must meet these requirements
The Performance Agreement for your key staff (if applicable) typically includes:

- the employer and business location
- occupation and related NOC code
- full-time employment (minimum 30 hours per week, or 1,560 hours per year)
- residency requirements
- timeframes within which you must meet these requirements

**Important:** Failure to meet the performance expectations within the timeframes may result in a refusal at the nomination stage.

### 6) Work permit

If your application is approved, the BC PNP will issue you a letter of confirmation (also known as a work permit support letter) so you can apply to IRCC for a two-year work permit. This will enable you and your dependants to move to B.C. so you can start implementing your business plan. The letter of confirmation is valid for 90 days (approximately three months). You must apply for your work permit prior to the expiry date on your letter of confirmation.

A work permit is the official document issued by the Government of Canada that allows a foreign national to work legally on a temporary basis in Canada. It does not confer status on Canada. The length of the temporary work permit may vary at the discretion of IRCC, but is usually two years.

### 7) Arrival

After you sign your Performance Agreement, you must arrive in B.C. with your valid work permit within 365 days (12 months) from the date of your letter of confirmation.

If you do not arrive in B.C. within the 365-day period from the date of your letter of confirmation, your file will be closed.

Within 60 days of arriving in B.C. with your valid work permit, you must submit an arrival report to the BC PNP. The arrival report provides basic information about your updated contact information in B.C., your work permit, and whether you transferred the requisite funds into a financial institution in B.C.

Please refer to the [Entrepreneur Immigration Post-Arrival Guide](#) for more information.

### 8) Building your Business in B.C.

Once you arrive in B.C. with your valid work permit, you will have up to 610 days (approximately 20 months) to implement your business plan, actively manage your business, and satisfy the performance expectations of your signed Performance Agreement.
9) Final report

You must submit a final report to the BC PNP between 550 to 610 days (approximately 18 to 20 months) after you arrive in B.C. with your valid work permit.

The final report is the form and supporting documents that you must submit in order to be considered for nomination.

In your final report, it is your responsibility to demonstrate to that you have met the performance expectations described in your signed Performance Agreement.

The BC PNP will review and evaluate your final report, and may at its discretion, request additional information and/or conduct a site visit at your B.C. business in order to assess eligibility for nomination.

If you fail to meet the performance expectations of the Performance Agreement during the mandatory timeframes, your application may be refused at the nomination stage and your file will be closed.

You can only submit one final report.

Please refer to the Entrepreneur Immigration Post-Arrival Guide for more information.

10) Nomination

If you are nominated, the BC PNP will issue you a confirmation of nomination as a provincial nominee.

The nomination will allow you and your eligible dependent family members to apply for permanent residence to IRCC under the Provincial Nominee Class.

Please note that the age(s) of your dependent children, if any, are locked in for the purpose of federal immigration requirements at the time of application to the BC PNP. For more information on federal requirements regarding the age of dependent children, please see IRCC’s website.

In addition to the confirmation of nomination, you will also receive the conditions of nomination, which outline the conditions you must continue to meet while your application for permanent residence is in process.
Applying for permanent residence

After you have been approved as a provincial nominee, you may then apply for permanent residence to IRCC under the Provincial Nominee Class. The confirmation of nomination is valid for 180 days (approximately six months). You must apply for permanent residence prior to the expiry date on your confirmation of nomination.

IRCC will assess that you meet the security and admissibility requirements to be issued permanent residence to Canada, including medical and security checks.

IRCC may review additional information related to your application and ensure you continue to meet the conditions of nomination, such as continuing to actively manage your business.

IMPORTANT: Even if the BC PNP nominates you for permanent residence under the Provincial Nominee Class, the Province has no decision-making authority or discretion as to whether or not IRCC will grant you permanent residence status in Canada. IRCC has the final decision-making authority on whether to issue you a permanent resident visa.

If IRCC approves your application, you will be issued a permanent resident visa.

For more information on applying for permanent residence please visit IRCC’s website.

For more information about processing times for applying for permanent residency, please visit IRCC’s website.

Work permit extension

If your work permit is due to expire within 120 days (approximately four months) and you continue to meet the conditions of your nomination, you must contact the BC PNP to request a support letter to extend your work permit.

The BC PNP may request evidence to confirm you continue to meet the conditions of your nomination.

The BC PNP may then issue you a support letter to extend your work permit. This letter must be included in your application to IRCC for a work permit extension.

For more information about processing times for applying for a work permit, please visit IRCC’s website.
Part 4: Requests for Review and Withdrawals

Request for Review

If the BC PNP refuses an application (i.e. declined under section 4(1)(b) of the Act), that person has a right to request a review of the decision.

All requests for a review of a decision must be made within 30 calendar days of the date of the decision notice if the applicant is a resident in Canada, or 60 calendar days of the date of the decision notice if the applicant is not a resident in Canada.

For the purposes of a request for review, residence in Canada is determined by the applicant’s residential address indicated on the request for review form.

A person whose approval has been withdrawn under section 6 of the Act is not entitled to have that decision reviewed by the BC PNP under the internal review process set out in section 7 of the Act.

The request for review must:

- be in writing and must be submitted through BCPNP Online
- identify the grounds for the request
- provide any information the BC PNP requests
- pay the $200 non-refundable review request fee

The purpose of a review is to determine whether the original decision was based on a fair process, and was within the range of decisions that could be reasonably supported by the evidence before the decision maker on the basis of the program criteria at the time of the decision.

A review is not a chance to submit new evidence or re-argue the evidence submitted in your application. Being unsatisfied with the final decision or a component of the decision is not sufficient grounds to vary or reverse a decision.

Important information for those who choose to submit a request for review:

- Only the applicant named on the decision notice may request a review.
- An applicant may only submit a request to review a decision issued by the BC PNP (i.e. not decisions issued by IRCC). The review process is limited to the following types of BC PNP decisions:
  - Entrepreneur Immigration registration disqualifications
  - Entrepreneur Immigration - stage 1 - application refusals
  - Entrepreneur Immigration - stage 2 - nomination refusals
- The residential address provided in the online request for review form must be the applicant’s current residential address. Forms that list the authorized representative’s address will be considered incomplete and will not be processed.
- The applicant is responsible for outlining how the decision was unreasonable or procedurally unfair. The review will be based on the information provided by the applicant.
The review will be conducted on the basis of the program criteria and evidence available at the time the application was declined.

You will receive an e-mail confirming your request has been received.

**Important:** Applicants who submitted their application to the BC PNP on or before July 1, 2015 (i.e. those with application numbers that begin with "BR-" or "BS-") must contact the BC PNP at en.imm@gov.bc.ca for more information on how to submit a request for review.

**Review Decision**

As soon after receiving a review request as it is practical to do so, the BC PNP must either:

- confirm the original decision, or
- re-evaluate the application based on the review request

Reviewed decisions are final decisions under the Act and Regulation. Subsequent requests for review, or requests for review submitted outside of the applicable 30- or 60-day periods, cannot be accepted.
BC PNP Withdrawal of Your Nomination

The BC PNP may withdraw your nomination if you have:

- failed to comply with your conditions of nomination
- failed to inform the BC PNP of a material change
- obstructed or interfered with an inspection
- retained a paid representative who is not qualified under the Act
- provided false or misleading information

The decision to withdraw your nomination is not subject to review under section 7 of the Act.

Examples where an approval or nomination may be withdrawn include, but are not limited to:

- information provided in your application to the BC PNP was false or misleading
- the conditions of nomination under which you were nominated are no longer being met
  - for example, you have not maintained the terms and conditions of your Performance Agreement, including but not limited to: business type, business location, ownership percentage, job creation and maintenance, investment, as well as the ongoing and active management of the business
- you are no longer residing in B.C.
- you are in Canada and are out of status
  - if your status has expired, and you cannot demonstrate you have applied for restoration of status within the 90-day eligibility period, you will be considered out of status
- you are working in Canada without authorization
- you are under a removal order in or outside of Canada
Part 5: Entrepreneur Immigration Application Instructions

For those who have received an invitation to apply

Important: Refer to your invitation to apply and your BCPNP Online dashboard for instructions

Preparing your application

For the timely processing of your application, please ensure the following:

- If your documents are not in English, you must provide a certified translation with photocopies of the originals. Documents must be stamped and certified by a person officially authorized to notarize documents as accurate translations.

- All required attachments must be uploaded in the appropriate sections of the attachments tab and submitted in PDF format unless otherwise indicated. A maximum of 50 attachments can be uploaded to your application. Attachments cannot exceed 3MB each; please reduce your file size and merge files according to type of document.

- Maintain a personal copy of all documents.

Entrepreneur Immigration application forms

You must complete each section of the Entrepreneur Immigration application form in BCPNP Online.

If a section does not apply to you, please write, “N/A” or “Not applicable”.

Important: If any information is found to be false or intentionally misleading, your application will be refused, and if applicable, your nomination for permanent residence will be withdrawn.

The BC PNP may refuse your application if the information in your application is different from what you submitted in your registration.

Key staff application

If you proposed a key staff in your registration, on the Business Plan tab of your (the principal applicant) online application, under "Business Formation", you must select "Proposing a foreign key staff" from the list. This will trigger the applicable $4,500 fee. The BC PNP will issue an email invitation to your email address which will contain a link for the key staff to use to complete his/her own separate application. No fee will be charged to for the key staff application. If you do not receive the email invitation within 3 business days, please contact the BC PNP.

The key staff application must be submitted within 30 days. The principal applicant’s application is not considered complete until the key staff application has been submitted. If the key staff application is not submitted, the principal applicant’s application assessment and decision will be made on the information available.
Business Plan

As an applicant to the BC PNP, and as the proposed owner-manager of the business, you should be actively engaged in the preparation of your business plan. If you are invited to attend an in-person interview in Vancouver, you are expected to be conversant in all aspects of your plan.

Business Plan Appendices

1) Required business plan appendix #1: Investment breakdown

You must provide an investment breakdown itemizing major investments. The investment breakdown may include any or all of the following:

- Purchase of an existing business *(if applicable)*
- Expenses related to the expansion of an existing business *(if applicable)*
- Leasehold improvements
- Capital equipment, furniture, supplies, etc.
- Start-up inventory
- Marketing
- Insurance, professional fees
- Operating expenses (including rent, wages, utilities, advertisements and other ongoing costs)

Refer to the [program requirements](#) section for more information.

Provide descriptions for the major investment items and a rationale for the proposed investment amounts. You must provide an estimated timeline for completing the above investments.

If a partnership is proposed, provide details regarding the partner’s investment (in-kind and financial).

2) Required business plan appendix #2: Pro-forma financial statements

You must provide 2-year pro-forma financial statements including balance sheets, and income statements.

Provide assumption notes for your income statements including a rationale for your estimated revenue and profitability.

3) Required business plan appendix #3: Resume(s)

Your resume, and if applicable, resume(s) of your key staff and/or partner(s).

4) Required business plan appendix #4: Purchase of an existing business (if applicable)

If you are purchasing an existing business, you must provide copies of the following documents:

• Purchase agreement* or memorandum of understanding to purchase an existing business *(if applicable).

* This is not a BC PNP requirement nor does the BC PNP encourage applicants to enter into any agreement to purchase a business or make any investment prior to obtaining approval by the BC PNP and a valid work permit from IRCC. Signing an agreement and making a deposit is solely at your risk. If you do choose to sign a purchase agreement or MOU, ensure that it is contingent upon obtaining a valid work permit from IRCC.

5) Required business plan appendix #5: Other documentation

Provide cost analysis of your operation including products/services.

Provide analysis of break-even point, Return on Investment (ROI).

For franchise businesses (if applicable):

• Franchise agreement with the franchisor indicating their support of you as a potential franchisee
• Letter from franchisor demonstrating the franchisor’s acceptance of your expansion plan (for the purchase of an existing franchise location, if applicable)

For farm/agricultural businesses (if applicable):

• An application proposing an agricultural activity should be based on or cover the issues described in the document Taking Stock: A Farm Business Planning Workbook For The Beginning Farmer prepared by the Ministry of Agriculture and available at: http://www2.gov.bc.ca/gov/content/industry/agriculture-seafood/programs/business-planning/business-knowledge-strategic-adaptation/farm-business-advisory-services/starting-an-application.

• All applications with proposing agricultural activities must include a feasibility statement showing how the proposed business makes economic sense, prepared by a consultant from the list of eligible consultants approved by the Ministry of Agriculture under its BC Farm Business Advisory Services Program. Visit the following webpage: http://www2.gov.bc.ca/gov/content/industry/agriculture-seafood/programs/business-planning/business-knowledge-strategic-adaptation/farm-business-advisory-services.
Net Worth Review

In order to be able to submit an application to the BC PNP, you must obtain a net worth report from a BC PNP-qualified supplier. You are responsible for all costs associated with this review.

You must engage a BC PNP-qualified supplier to review your personal net worth and accumulation of wealth.

You must submit to the qualified supplier a copy of the IRCC form IMM Schedule 4A – Economic Classes – Business Nominees and supporting documents detailed below.

Your chosen qualified supplier may have additional instructions and/or requirements.

The verification report is valid for one year from the date of issuance by the supplier.

Important:

- All assets and liabilities must be identified, accompanied by supporting documentation.
- All assets must be your own personal holdings as well as your spouse’s and dependent children’s.
- All documents not in English or French must include copies of certified translations. The copy of the document in the original language and the translation must both be notarized.

Failure to fully disclose and substantiate your personal net worth, including your spouse’s and dependent children’s, may result in the refusal of your application.

General guidelines:

- Schedule 4A sections A (Assets), B (Real Property), C (Publicly Traded Stocks and Other Investments), E (Pensions and Other Assets), F (Real Property Mortgages), and G (Other Personal Debts) are for the disclosure of personal assets and liabilities. Do not list any type of business assets in these sections.
- Business assets are included in the Book Value, Section D (Business), of this form.
- The accumulation of wealth narrative document required under Schedule 4A Section J must provide a complete history of the accumulation of net worth for you and your spouse/common-law partner. For example, provide descriptions of any property purchases and sales, previous business ownership and any other sources of income and capital gains. Refer to the IRCC Guide for Provincial Nominees for instructions.
- You are responsible for maintaining a photocopy/original of all documentation for your records and for referencing purposes.
- You may be required to submit country-specific documents.
- Your qualified supplier may request additional documents as part of their review.
Notwithstanding the conclusions of the qualified supplier’s net worth review, the BC PNP has sole responsibility for assessing and evaluating your application including information relating to your reported personal net worth and accumulation of wealth. The BC PNP may request additional information or clarification of details.

You must include a copy of your net worth report from your chosen BC PNP-qualified supplier.

Do not send any additional net worth documentation to the BC PNP unless requested to do so.

**Required documents to be submitted to qualified supplier**

1) **Personal financial information**

   - Personal Income Tax returns submitted for most recent two years
   - monthly bank statements covering the most recent two years of activity, for each bank account of the applicant and spouse/common-law partner, and ending on the same day for each account
   - term deposit certificates, share certificates, brokerage account statements, pension statements (current value must be clearly indicated), life insurance statements (surrender value must be clearly indicated), loan documents, credit card statements, as applicable

2) **If you or your spouse have real estate holdings** (for each current property)

   - title deed
   - purchase agreement, showing purchase price
   - third-party real estate property valuation, completed within the last two years (the valuation must be completed by an appraiser certified by the jurisdiction)
   - mortgage documentation showing initial and current balance, if applicable
   - if any holding is an investment property, identify as such and include rental agreement showing monthly rental income earned and evidence of rental agreement deposits

3) **If you or your spouse have received gift(s), inheritance(s), or settlement(s)**

   - Documents attesting to the transfer of sums or assets received together with proof of bank deposit. If asset or property, provide third-party valuation.
   - Gift: Identification of the donor, relationship to you or your spouse and proof of financial capacity to make a gift. Provide details regarding amount of the gift and the personal financial situation of the donor, such as employment, shareholding, business ownership, property ownership, etc.
   - Inheritance: Act of death certified by the authorized authority, notarized will or court judgment and documents confirming the nature of the inheritance to the Principal Applicant/spouse
   - Settlement: Insurance, divorce or other legal settlement documentation attesting to the amounts received.
4) Employment and business ownership wealth

- Reference letters from present and former employers (for the past 10 years) on the official letterhead of the business. They must be signed by a person occupying a position of authority and must include that person’s name and title. These letters must also include:
  - address and telephone numbers of the business
  - number of years worked
  - position and the responsibilities related to the position
  - salary earned, including bonuses, dividends and commission received
- Income certificate showing annual salary and bonus/commission (if applicable) prepared by your current employer and signed by a person in authority, and including their name, title and contact information.
- Evidence of authority to sign banking documents for your organization.

5) If you are a shareholder or owners of a private business (for each business owned in the past 10 years; this applies to publicly traded companies if you and/or spouse hold or held more than 10 per cent ownership):

- incorporation certificates
- business registration licence of each business
- registration with the taxation authorities for each business
- documentation indicating ownership structure for each business
- share registry, indicating shareholding of each business and amount of investment (initial and any changes)
- statements of changes to equity
- indicate salaries and/or dividends paid to you and/or your spouse
- financial statements for the most recent two years (completed by a Chartered Accountant and audited), including income statement, balance sheet, profit & loss statement and statements of changes to financial position. If ownership by you, spouse or combined ownership exceeds 50 per cent, the financial statements must be audited.
- corporate Income Tax returns from most recent two years
- business items of your current business such as product brochures, photos, business cards, etc.
Supporting Documents

Part 6: Strategic Projects

For corporate applications only

The Strategic Projects category of the BC PNP’s Entrepreneur Immigration stream enables foreign-controlled companies to set up a branch office or other operating facility in B.C.

This category can be used as an immigration pathway for key staff of successful foreign corporations that have identified strategic investment opportunities in B.C. that are integral to the growth and expansion of their core businesses.

The company can propose up to five key staff members who intend to settle in B.C. and who will actively manage the operation in B.C.

Past successful corporate applicants include companies in advanced manufacturing, technology, new media, specialized engineering, forestry and scientific research and development. Generally, the businesses in B.C. established by these companies create high-impact occupations.

Corporate Eligibility

To qualify, the company must:

- be in excellent financial health, provide evidence of good business practices and successful business operations outside of Canada, that are relevant to the proposed B.C. business
- identify investment opportunities in B.C. based on commercial decisions and credible foundation
- demonstrate that the proposed key employees are qualified senior personnel who are essential to establishing and operating the business

Successful corporate applicants typically have at least 150 staff and annual revenues of at least $20,000,000.

Key Staff Eligibility

The key staff members must have, or be eligible for, immigration status in Canada. The BC PNP will not accept applications of key staff members who:

- are prohibited from entering Canada
- have not been lawfully admitted in the country of current residence
- are in Canada and are out of status
  - an individual whose status has expired, and they cannot demonstrate they have applied for restoration of status within the 90-day eligibility period, will be considered out of status
- are working in Canada without authorization
- have an unresolved refugee claim in Canada
- are under a removal order in or outside Canada
Requirements

The company will be required to:

- make a minimum equity investment of at least $500,000 to establish or purchase and expand an eligible business in B.C.
- create at least three new jobs for Canadian citizens or permanent residents for each foreign key staff member proposed (to a maximum of five key staff)
- establish or purchase and expand a company in B.C.

Application Process

1) Exploratory visit

The BC PNP encourages senior executives representing the company to visit B.C. to explore and learn more about opportunities and the local business environment.

2) Discuss your proposal

To apply for the Strategic Projects category, the company must first contact the BC PNP to obtain information about the program, discuss the proposal and register the company’s interest to apply. As part of the registration, the company should provide information including:

- company information (e.g. the year established, a description of business activities, sales revenue, number of employees, etc.)
- a description of the business it intends to establish or purchase and expand in B.C.
- how the proposed business is related to the company’s core business
- a due diligence and commercial viabilities study
- a detailed investment rationale and breakdown
- estimated annual revenue
- the role and responsibilities of each key staff in the parent company and in the B.C. business
- the types of jobs it will create in B.C.
- other information, as required

3) Apply

There is a registration processing fee of $300. If the BC PNP determines that the company qualifies, the BC PNP will invite the company to submit a full application. The company and its key staff must submit all the required forms and supporting documentation. There is a corporate application processing fee of $3,500 plus a $1,000 application processing fee for each key staff member.

The BC PNP will screen the application for completeness and may ask the company clarifying questions and request additional documentation.

As part of the application assessment process, the BC PNP will invite all key staff members to attend an in-person interview at the BC PNP offices in Vancouver.
4) Business Establishment

If the application is approved, the company’s designated signing authority signs a Performance Agreement with B.C. The BC PNP will issue a work permit support letter to each key staff member so they can apply for a two-year work permit from IRCC.

When the key staff member(s) arrive in B.C. with a valid work permit, they must submit an arrival report form to the BC PNP.

The company must submit a final report to the BC PNP to demonstrate how the company has met the terms and conditions of the Performance Agreement. The BC PNP will review the report and may conduct site visits or interviews to verify information.

If the BC PNP determines that the company has met the terms and conditions of the Performance Agreement, the key staff members will be nominated for permanent residency.

The key staff members must apply to IRCC for a permanent resident visa within 180 days (approximately six months) from the date of nomination.
